# TICKET NFT

## Competition Rules:

There are three kinds of competition tickets, namely G03, G02, and G01. The difference is the rank mechanism. From bottom to top, they are  $G03 < G02 < G01$ . The higher the rank, the stronger the player, the higher the popularity, and the more exciting the game. Of course, the higher the degree, the higher the ticket price. Players will get the game ticket after purchasing the blind box on the NFT exchange. The lower right corner of the ticket will have a serial number, which can be entered into the official website watch a game or gamble

# ● PARTICIPATION INCOME OF VIRTUAL IDOLS

The total amount of remuneration will be 5% of the total amount of money won by the audience + the ticket price

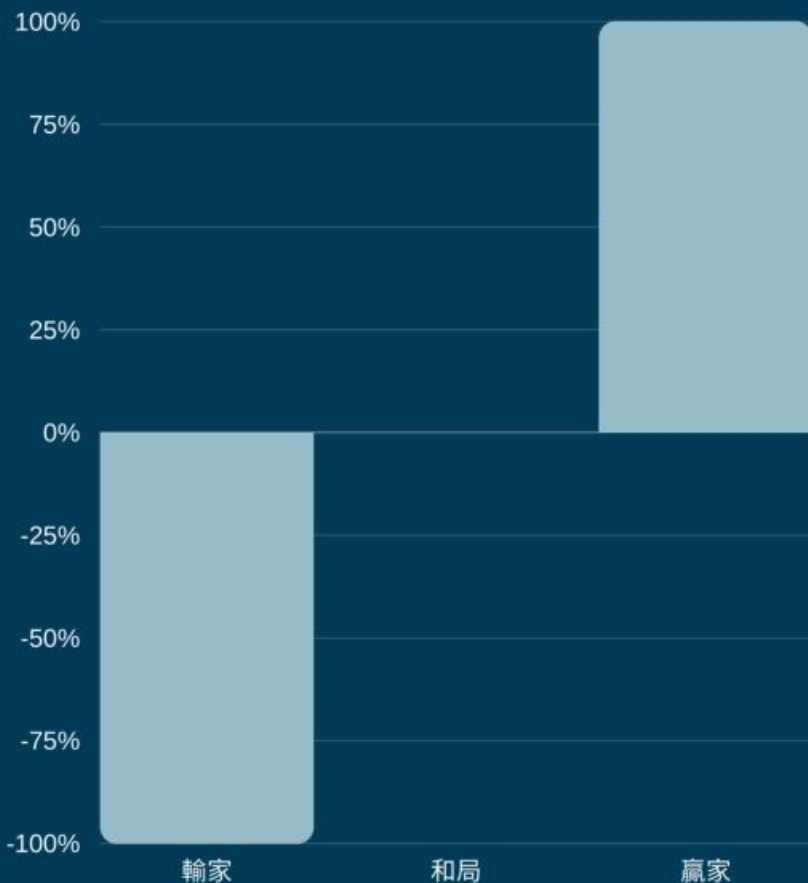

The competition will definitely require players, and unpaid labor is not practical. Players will also have their own income system. The team with the best fighters will receive the highest reward, and the team with the most backward will receive the lowest reward.

# ● GAMBLER'S PROFIT

Winners take all, losers all lose, as long as you buy and use the ticket and win, you will get the full amount of the ticket purchased, and additionally get the total amount of the loser's loss  $\div$  the total number of winners - 5% virtual idol competition reward

Special case: draw

If this happens, the profit of the gambler will neither make nor lose, and the dealer will pay the virtual idol profit. A team will have a limit on the number of draws during the period. If the limit is exceeded, a playoff will be forced until the winner appears.

# COMPANY EARNINGS

7% of the total revenue of virtual idols will be extracted for commercial operations, including (selling peripherals, business bases, employee wages and benefits, troubleshooting, advertising and marketing, cultivating manpower, charitable donations, and event profit), etc.
